Management’s Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of One Hundred Miles, Inc. as of December 31, 2014, and the changes in its net assets and its cash flows for the initial period then ended in accordance with accounting principles generally accepted in the United States of America.

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

General: One Hundred Miles, Inc. (the “Organization”) is a publicly-supported organization based in Glynn County. The Organization was established in 2013 for the purpose of preserving, protecting and enhancing the thriving communities, beautiful landscapes, and diverse wildlife of Georgia’s 100-mile coastline.

Basis of Presentation: The Organization follows accounting principles generally accepted in the United States of America (“GAAP”) as issued by the Financial Accounting Standards Board in their Accounting Standards Codification. Under GAAP, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In both restricted net asset classes, the donor stipulated a limitation for the use of the gift. Temporarily restricted net assets represent gifts that the limitation expires with the passage of time or can be fulfilled and removed by actions of the Organization. Permanently restricted net assets are those gifts that the donor has limited in perpetuity. Unrestricted net assets are the remaining net assets of the Organization.

Contributions: In accordance with GAAP, contributions received as well as unconditional promises to give are recognized in the year received. Contributions with donor-imposed restrictions are reported as temporarily restricted revenue. When a donor-imposed restriction expires, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statement of activities as net assets released from restriction. Restricted contributions whose restrictions are met in the same year are reported as unrestricted contributions.

Cash and Cash Equivalents: Cash and cash equivalents consist primarily of cash on deposit.

On occasion the Organization maintains cash balances on deposit with financial institutions in excess of federally insured limits. Management continually monitors the soundness of these financial institutions and believes the exposure of loss to be minimal.

Promises to Give: Contributions are recognized when a donor makes a substantially unconditional promise to give to the Organization. Donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets as determined by the nature of the restriction. As restrictions expire, temporarily restricted net assets are reclassified to unrestricted net assets. Promises to give are reviewed for collectability and reserves are established for estimated uncollectible amounts. Conditional promises to give are recognized when the conditions upon which there were given are substantially met.

Property and Equipment: Property and equipment are stated at cost. Depreciation is calculated using the straight-line method over the estimated useful lives of the individual assets. Donated property and equipment are recorded at the estimated fair value on the date received. Maintenance
and repairs are charged to expense as incurred. Major repairs and improvement are capitalized and depreciated at the applicable straight-line rates. The cost and accumulated depreciation of property retired, sold or disposed of are removed from the related accounts with any gain or loss credited or charged to income. Estimated useful lives or assets are as follows:

<table>
<thead>
<tr>
<th>Type of Property</th>
<th>Estimated Useful Life</th>
</tr>
</thead>
<tbody>
<tr>
<td>Furniture and equipment</td>
<td>3-10 years</td>
</tr>
<tr>
<td>Leasehold improvements</td>
<td>15-40 years</td>
</tr>
</tbody>
</table>

**Compensated Absences:** The Organization has a vacation policy that allows any employee that works over twenty hours per week on a regular basis to accrue vacation for each calendar month of service. The vacation accrual rate and the total maximum accrued hours per year are based on the employee’s length of employment. Employees can transfer up to forty hours of unused vacation to the following year. At termination of employment, unused vacation will be paid. The balance of compensated absences at December 31, 2014 is $6,844.

**Estimates:** The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the reported amounts and disclosures in these financial statements. Actual results may differ from those estimates.

**Income Taxes:** The Organization is a qualifying, nonprofit organization as defined in Section 501(c)(3) of the Internal Revenue Code and as such is generally exempt from federal and state income taxes. The Organization may be subject to income taxes if it failed to maintain its exempt status or if it conducted certain unrelated business activity. The Organization has evaluated both its federal and state income tax positions, including positions that could have an effect on the Organization’s exempt status, and has concluded that it has no uncertain tax positions that require disclosure.

The Organization files informational returns in the U.S. federal jurisdiction and one state jurisdiction. The Organization is generally not subject to federal or state tax examinations for years before 2013, the year of inception. Interest and penalties are expensed as incurred. No interest and penalties were charged to expense for the period ended December 31, 2014.
